

# A Rainbow Adventure with Sfida Session 7

## My Name Is...

To sign a person's name the initial letters of a person's name can be finger spelt, eg.

## Twist and turn

You will need:

- A pencil
- Some coloured pens
- Cellotape
- Card
- Scissors
- A circle object

Firstly, you need to draw two circles on some card, by drawing round something such as a wheel of cello-tape. Then using scissors carefully cut the two circles out.

On the circles you need to draw two different images. For example, on one circle you could draw a fish and the other a pond.

You then need to cello-tape the two circles to the top of a pencil so that the two pictures are facing outwards - the two circles should be back-to-back.

Put the pencil between your two hands and rub them together as fast as you can. As you do this the two pictures will magically become one.

Post your work on Facebook so that we can let your leaders know you took part!
